

Task 1: Internet Safety Pre-Assessment

As a pre-lesson assessment each student will complete a multiple choice written activity based on aspects of internet safety.

- Instruct students to complete pre-assessment independently.
- Use assessment results to determine students' background knowledge prior to further instruction. Record on tracking sheet provided.
- Compare results to post-assessment at completion of unit.

Adaptations

As a modification strategy for Grade Three, ESL/ESD or Special Needs students, teachers may wish to modify the written assessment using visual cues

Notes To Teacher

- Be sure to preview video before commencing unit.
- Be sure to prebook VCR for viewing of "Caught in the Web" (Total Viewing Time: 18 minutes)
- Review all resource materials provided.
- Photocopy class set of assessment tool, *Internet Safety Quiz*. Make a copy of the tracking sheet for your own use.
